Desdemona Dragon loved to dance... but she wasn't very good.

Poor Desdemona. What could she do? Then, one day, her whole life changed.

"YIPPEE!" shouted Desdemona. And off she went.

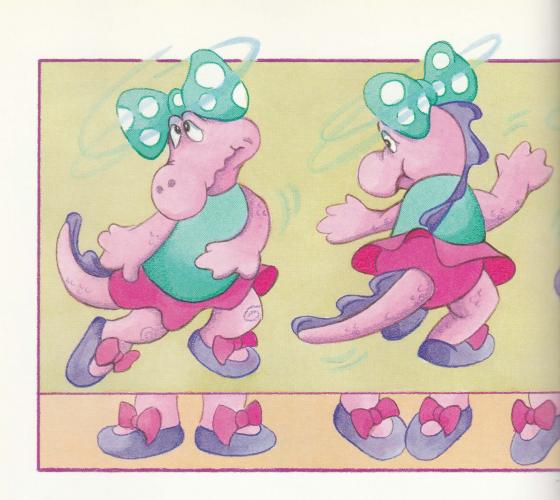

"Class," said Isadora Dragon, "do as I do...." Desdemona tried.

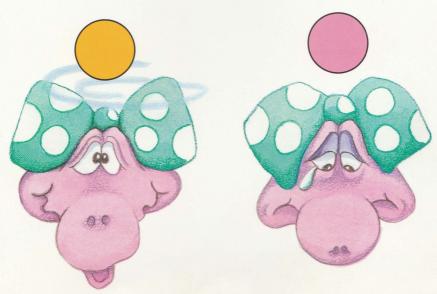

"Step, step, turn," whispered Desdemona as she tried again.

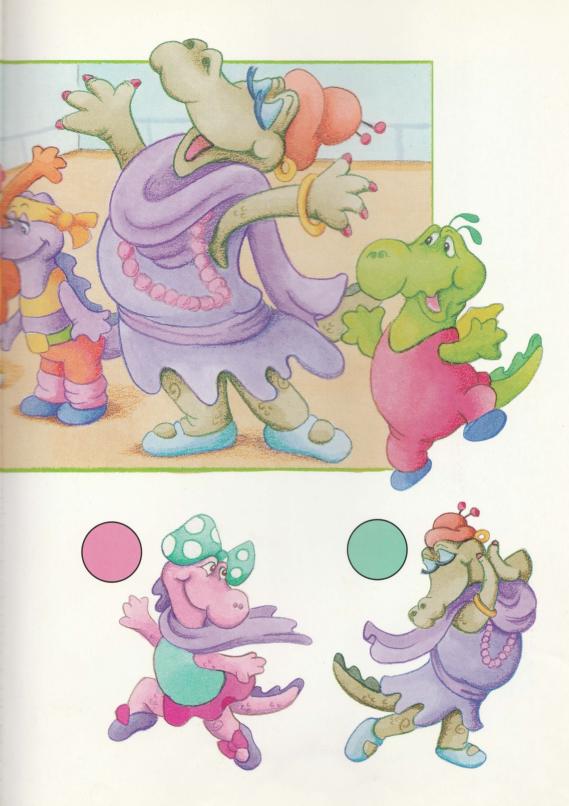

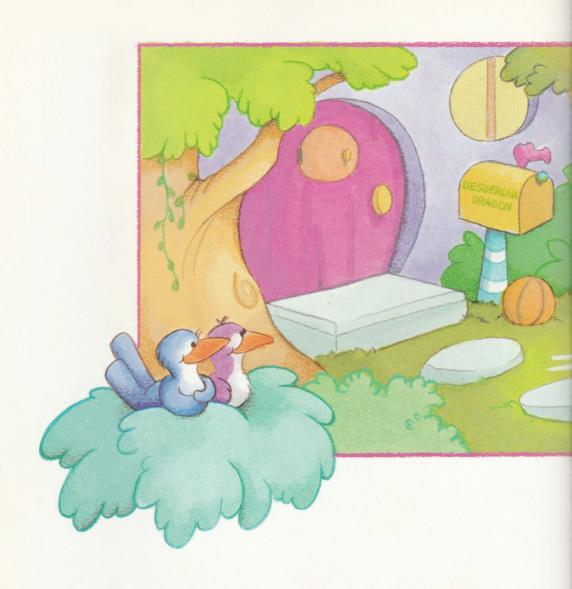

Desdemona tried one more time...very slowly.

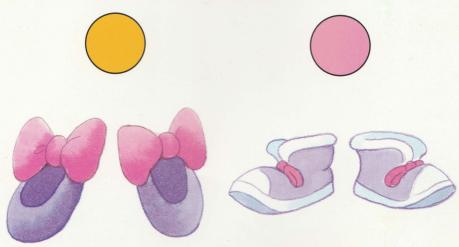

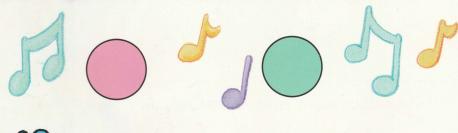

After class, Desdemona rushed home. Desmond was waiting.

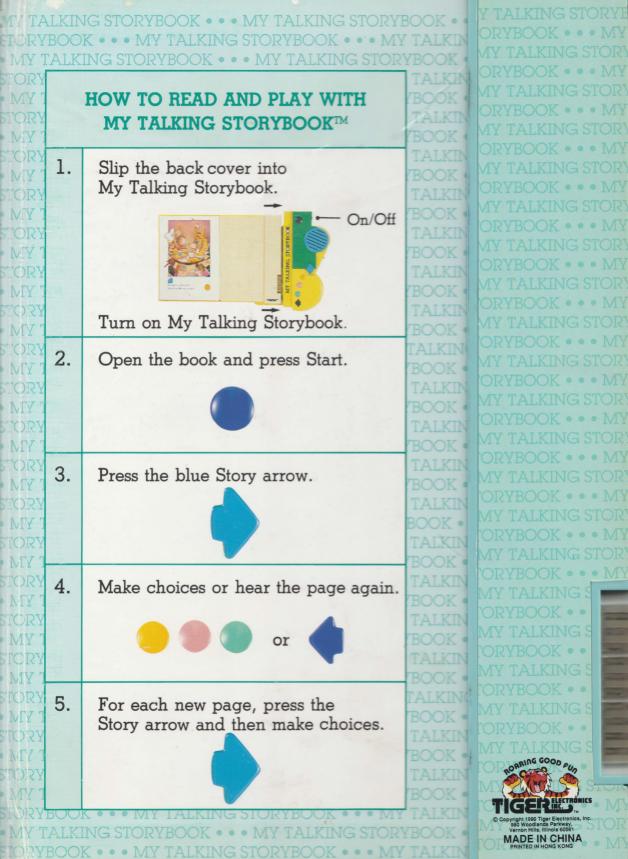

So Desdemona taught Desmond all the steps she knew. And Desdemona and Desmond danced until dawn!

Will Desdemona Dragon ever learn to dance? Will she win free dance lessons at Isadora's Dance Studio? Will she be nervous? Will she be excited? Will a simple step-step-turn untie Desdemona's two left feet? Will Desdemona slow dance or boogie?

Desdemona has lots of choices. And so will you. So let your fingers just waltz through the pages of ... Desdemona Dances.
